

Click the link below to create a customized student worksheet for your class.

It's best if you're already signed into your Canva account. If you don't have one yet, it's free, [so sign-up here!](#) These templates work perfectly with free accounts and up.

Once you click the worksheet below, you'll see a screen with a button prompting you to "Use template" - click that and voila! You can edit to your heart's desire.

We recommend that you add images of the vegetables and the 5 taste ingredients as you customize the student worksheet.
